

## User guide

# COOKIE POLICY BANNER

Version : 1.0.0

The **Cookie Policy Banner** module, developed by PrestaShop, allows you to be fully in compliance with the EU cookie law by displaying on your website a warning banner (or notification box) providing your customers / visitors information about the use and management of cookies.

### Contents :

1. *Documentation tab*
2. *Configuration tab*
3. *FAQ tab*
4. *Contact tab*

### 1. DOCUMENTATION TAB

You can use this tab to help you with different configuration elements of the module by following a user guide available for download as a PDF.

### 2. CONFIGURATION TAB

- [Step 1 : create a Cookies policy page](#)

Before configuring your cookie banner, you can start by creating a new CMS page that contains the most important information about cookies:

- Definition of cookies
- Reasons why they are installed
- Different types of cookies used on your website

- Choices of visitors regarding the cookies, whether it is acceptance, refusal or a personalized configuration of cookies, etc.

To facilitate this task, we will provide you with a direct link to create a new CMS page, where you can fully customize the content of your Cookies policy page. You can also go to the CMS page creation interface directly from the Preferences > CMS tab and click Add new CMS page.

We will also give you a document containing some useful links about cookies and how to manage them on different platforms.

*Concerning this page, you have full responsibility of its content, you must be in compliance with applicable regulations related to e-commerce, including the legislation related to personal data and cookies.*

- [Step 2 : create a cookie policy banner](#)

In this step you will have the possibility to customize every element of your cookie banner to your preferences :

- Begin by choosing the position of your banner. 4 options are available: top, bottom, bottom right or bottom left of your website. The banner is responsive, it will adapt to different screen types (desktop, tablet, smartphone).

- Next you can choose the background color and degree of opacity of your banner.

- You can also customize the text displayed on the banner, as well as its font, color and size. It is compulsory to fill in the banner text in all the languages available on your shop.

Add your text en ▼

*Maximum character recommends in total : 300 for the best quality on desktop and smartphones*

Font text Roboto ▼

Text color #efefef 

*Choose the color of your text*

Font size 12

- Following the creation of the Cookies policy page in Step 1, customize in this part the text that will redirect your visitors to the created CMS page (ex: *More information, Click here, More information, Etc.*) and choose from the drop-down list the relevant CMS page.

More information link text click here en ▼

*Set the text of your link*

More information CMS page Legal Notice ▼

- Finally, all elements of the Accept button can be customized to your preferences: text, background color of the button, mouse over color and text color.

Accept button text I accept en ▼

*Choose the text of the accept button*

Button background color #25B9D7  on mouse over #1e94ab 

*Choose the color of your button*

Button text color #ffffff 

*Choose the color of your text button*

When configuring your cookie banner, you can preview your creation at any moment on the configuration tab, simply by clicking on the Preview button.

#### Display on front office of your cookie policy banner

- It is possible for your customers/visitors to click on *More information*. If they click on this link, they will be redirected to the CMS page you created.
- Once they click on the Accept button or on the cross, the banner will not be displayed for 30 days.

### **3. FAQ TAB**
