Managing cookies on interprofessional platforms

You can connect to the Youronlinechoices website, provided by the digital advertising professionals under the aegis of the European Digital Advertising Alliance (EDAA) and managed in France by the Interactive Advertising Bureau France.

You will be able to know the companies registered on this platform and which offer you the possibility to refuse or accept the cookies they use to adapt, to your browsing information, the advertisements likely to be displayed on your terminal :

<http://www.youronlinechoices.eu/>

This European platform is shared by hundreds of online advertising professionals and forms a centralized interface allowing you to express your refusal or your acceptance of the cookies as mentioned above.

This procedure will not prevent the display of advertising on the websites you visit. It will only block the technologies that allow you to tailor the advertisements to your interests.
